OPPORTUNITY HIGHLIGHTS

St. Joseph Mercy Ann Arbor has an excellent full time employment opportunity for a Dermatology physician to join the faculty at St. Joseph Mercy located in Ann Arbor, Michigan.

The selected Academic Dermatology physician will participate in providing instruction and supervision to Dermatology and Internal Medicine Residents in clinic, providing clinical care to patients without residents as well as taking on the role as the Resident Research Manager.

The schedule for this opportunity is flexible but will include 0.4 FTE supervising and instructing Dermatology Residents in clinic, 0.1 FTE supervising and Instructing Internal Medicine Residents in clinic on basic Dermatology procedures, 0.1 FTE acting as Residency Research Manager and 0.4 FTE of direct patient care without Residents.

Qualified Candidates will possess the requisite specialty expertise and competence in clinical care and teaching abilities, as well as documented educational and administrative abilities and experience in their field. They will be certified by the ABMS, or possess qualifications judged to be acceptable by the Graduate Medical Education Committee, be appointed in good standing to the medical staff and will possess an unrestricted license to practice medicine in the State of Michigan.
As part of the Teaching Faculty the selected provider will:

- Provide instruction and supervision of assigned residents, as appropriate to meet the educational objectives of the residency program.
- Participate in the evaluation of the educational and clinical performance of residents using the forms and methods provided by the Program Director.
- Participate in the evaluation and improvement of the educational curriculum in cooperation with the Program Director.
- Participate in faculty development activities, including continuing medical education, as appropriate to maintain and improve teaching abilities.
- Maintain a learning environment characterized by inquiry and scholarship, including active participation in conferences, research, and formal teaching activities of the program.
- Cooperate with the Program Director in maintaining compliance with policies and procedures governing resident education, such as the limits on resident work hours and patient assignments.
- Advise the Program Director and the Site Medical Director on resource needs of the program, such as equipment and educational materials.
- Provide clinical care to patients (without residents), as requested by the Program Director and Site Medical Director, to best fit the needs of the residency program.
- Work collaboratively with the Program Director, faculty, residents, and staff of the program and clinics to provide high quality care, excellent customer service, and efficient delivery of care to patients in the clinic.
- Work collaboratively with clinic staff to achieve the business objectives of the clinic, including completion of accurate information required for billing in a timely manner.

As the Residency Research Manager the selected candidate will:

- Participate in and facilitate resident scholarly activity in the Department and set goal of at least one meaningful resident scholarly project per graduating resident, including research and quality improvement projects.
- Assist residents in practical design, analysis, editing, and presentation.
- Facilitate and assist departmental faculty research involving residents, including select members from subspecialties.
- Develop, organize, and lead a regular program-level scholarly activity discussion, which will provide regular oversight for all research done through the Department involving residents.
- Work collaboratively with the SJMH Institutional Review Board (IRB).
- Actively participate on the Institutional Research Committee, representing the appropriate Department.
- Work in conjunction with the Academic Research Department, for data and statistical assistance. Accompany and mentor residents when meeting with members of the Research Department.

**RECRUITMENT PACKAGE**

An excellent compensation and benefits package is available for the right candidate.
ABOUT THE FACILITY

St. Joseph Mercy Ann Arbor (SJMAA), a member of seven-hospital Saint Joseph Mercy Health System, is an academic teaching hospital and tertiary care center. The hospital, with 537 licensed beds, is situated on a 341-acre campus in the Ann Arbor area. Saint Joseph Mercy Health System is a member of Trinity Health, one of the largest Catholic health care organizations in the United States. Trinity Health is based in Livonia, Michigan.

Its staff of physicians, nurses and health care professionals have extensive training in a variety of specialty or tertiary care programs, including cardiology, oncology, obstetrics, orthopedics, surgery, Level II trauma, physical medicine and rehabilitation, women and children's, and senior health services. SJMAA is home of the renowned Michigan Heart & Vascular Institute at Saint Joseph Mercy Health System, one of the top three cardiovascular programs in the state of Michigan based on volume. In addition, SJMAA is designated by the National Cancer Institute as a Clinical Community Oncology Program, or CCOP, one of only 50 programs in the United States. St. Joseph Mercy Ann Arbor provides medical residency training programs in internal medicine, transitional, surgery, OB/Gyn and emergency medicine for 130 residents.
