Health Ministry Vaccination Electronic Medical Record, Registry and Integration Information

The intention of this document is to share the Health Ministry information system readiness plan in support of the COVID-19 Phase 1A vaccination process. For each facility the Electronic Medical Record being used for Phase 1A has been highlighted in Green. Additionally reference has been provided indicating the Registration, Scheduling, and Billing systems that will be utilized, and the appropriate immunization registry for each facility. The "Reg and Order Systems Ready" date reflects the date the Electronic Medical Record and Registration systems are expected to be available use.
