## Child Care and School Support Resources

**Audience:** Colleagues

**Revision Date:** 9/2/2020

**Version:** #1

**Response Team Owner:** Planning

**Date of Last Review:** 9/2/2020

### Child Care Provider Matching Assistance

Carebridge, our Employee Assistance Partner (EAP), has [enhanced its resources](#) to help colleagues more efficiently find child care providers who meet their budget and other requirements. The new resources include:

- A virtual child care locator tool, which provides listing of state-licensed child care facilities within a colleague-determined local area. Create a personal login on [MyLifeResource.com](http://MyLifeResource.com) using the code “BKRR5.”
- One-to-one phone consultation. Child Care Specialists are available to help colleagues and their families find child care provider options in their community. They will note the family’s specific priorities and work them to find the solutions to meet their needs and budget. They will also provide education about child care safety and liability considerations.

Carebridge’s 24/7 services are free to colleagues and everyone residing in their household. Call **1-800-437-0911** or visit [MyLifeResource.com](http://MyLifeResource.com) (use code BKRR5 to create a personal login).

### Education

Carebridge also added special webinars and virtual events related to parenting during this time. Log into [MyLifeResource.com](http://MyLifeResource.com) to view the latest information.

As always, Carebridge also provides free, counseling, information and referral services to address any personal, family and work-related concerns that you, your dependents (including college students), spouse and everyone living in your household are experiencing. Carebridge hosts free, live webinars and virtual support groups every month. There are also hundreds of on-demand videos and other resources on various topics available on [MyLifeResource.com](http://MyLifeResource.com).

**PerkSpot**, our discounts portal for colleagues, has added more local, regional and national discounts for [child care services](#) (e.g. KinderCare, YMCA), tutoring services, educational resources and [school supplies](#). Visit the [PerkSpot Discounts Portal](#) and browse discounts available to you.

Also, you can find child care and low-cost health and social service resources in your area through the [Trinity Health Community Resource Directory](#), which uses a directory tool Trinity Health makes available via the Aunt Bertha organization.

Visit [Trinity-Health.org/Colleague-Care](http://Trinity-Health.org/Colleague-Care) for additional resources.
