The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit Preferredhealthchoices.com. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	Tier 1: $1,650 per member; $3,300 per family Tier 2: $2,650 per member; $5,300 per family (One family member may meet the full family deductible)	Generally, you must pay all of the costs from **providers** up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductible?	Yes. **Preventive care** services (Tier 1 and Tier 2 only) are covered before you meet your **deductible**.	This **plan** covers some items and services even if you haven't yet met the **deductible** amount. But a **copayment** or **coinsurance** may apply. For example, this **plan** covers certain **preventive services** without **cost sharing** and before you meet your **deductible.** See a list of covered **preventive services** at **https://www.healthcare.gov/coverage/preventive-care-benefits/.**
Are there other deductibles for specific services?	**No**	You don't have to meet **deductibles** for specific services.
What is the out-of-pocket limit for this plan?	Tier 1: $2,600 per member; $5,200 per family Tier 2: $5,000 per member; $10,000 per family (For family coverage, the noted per member out-of-pocket limits do not apply. Instead, the out-of-pocket limit for any single member is $8,150. Additionally, all members on the contract can contribute to the family out of pocket maximum.)	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	**Premiums**, balance-billed charges, penalties for failure to obtain **pre-authorization** for services and healthcare the **plan** does not cover.	Even though you pay these expenses, they don't count toward the **out–of–pocket limit.**
Will you pay less if you use a network provider?	Yes. See www.Preferredhealthchoices.com or call 1-866-390-3872 for a list of network providers.	You pay the least if you use a **provider** in Tier 1. You pay more if you use a **provider** in Tier 2. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the **provider's** charge and what your **plan** pays (**balance billing**). Be aware, your **network provider** might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to	No	You can see the **specialist** you choose without a **referral**.

Focus on the cost-sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan.
