IntelliCentrics | SEC³URE MOBILE APP

With the SEC³URE mobile app, healthcare professionals can manage their SEC³URE Passport account from the convenience of their mobile devices, making it easier than ever to remain compliant!

SEC³URE Mobile Check-in

Healthcare professionals may check in remotely and show an electronic badge, which can then be verified when they enter the facility. Works with the SEC³URE GO! digital badge.

SEC³URE Mobile Check-out

Mobile check-out is available to healthcare professionals either via the SEC³URE mobile app or text-to-check-out options. Enable mobile check-out by contacting the customer support team.

SEC³URE Mobile Text Reminders

SEC³URE provides healthcare professionals with automatic SMS reminders before their scheduled facility visits end, giving them the ability to extend or check out via text.

Consider enabling SEC³URE mobile check-in if:

- You want to set up SEC³URE without investing in kiosk or badge printer hardware
- You are a health system that wants to include SEC³URE for your doctors' offices and clinics
Contact the customer support team when you're ready.

SEC³URE Mobile App Features

- Add and delete facilities for each account
- View compliance status per facility
- View outstanding policies and credentials per facility
- View SEC³URE facilities on a map and receive directions
- Check-in and out of participating facilities remotely (*remote badge printing is also available*)
- Update profile, including photo
- Accept facility policies and upload credential documents
- Check REPscore and dispute any negative events
- Receive SEC³URE help with just one touch

Download the free SEC³URE mobile app now.
