Selecting a Provider

In-Network: Participating Providers

Network providers have signed agreements with BCBS, which means they agree to accept our approved payment for a covered benefit as payment in full. You will only pay for the deductibles, copayments and coinsurances required by your coverage.

Ask your physician if he or she participates with the BCBS PPO network in your plan area. If you need help locating a network provider, please visit Find a Doctor | bcbsm.com or call the phone number on the back of your ID card.

When you go to network providers, you do not have to send a claim to us. Network providers submit claims to BCBS for you, and they are paid directly by BCBS.

Out-of-Network: Nonparticipating Providers

Nonparticipating providers are not covered. This means that if you receive services from an out-of-network provider, you will pay the full cost for that service.

Case Management / Disease Management Program

If you agree to participate, a BCBSM nurse case manager will administer an assessment and an individualized plan that includes your condition and goals based on your assessment results.

- The nurse will work with you via telephone to address your specific health concerns and goals.
- Once you have completed the program you will receive a case closure letter via mail and a call explaining that you have completed your program.
