WHAT'S NEW FOR 2025

Medical Coverage

- Medical deductibles will increase by \$100 individual and \$200 family.
- Out-of-pocket maximums will increase by \$500 individual and \$1,000 family.
- Prescription drug maximums in the Traditional Plan will increase by \$20 for brand formulary drugs and by \$50 for brand non-formulary drugs.
- All colleagues enrolled in a Trinity Health group health plan will receive a new ID card including changes to deductibles and out-of-pocket maximums. There are no changes to your group number or identification number.
- The 50% copay discount for asthma and diabetes class drugs under the Traditional Plan will be removed. The availability of generic asthma and diabetes related medications has expanded, allowing more access to less expensive options. Additionally, drug manufacturers have made coupons and copay cards widely available to help defray the cost and certain insulin medications are capped at \$35 per month.

Dental and Vision

- Preventive care under the dental plan will no longer accumulate towards maximum out-of-pocket totals, allowing you to make more of your dental benefits.
- Retinal screening will be a new covered benefit under the vision plan.

Life Insurance

- Colleagues who are currently enrolled in supplemental life insurance can increase their coverage by an increment of 1x salary per year without a personal health application (PHA), up to a total of 3x salary. Enrolling for the first time, an increase of more than 1x salary, or to an amount above 3x salary will require a PHA.
- Colleagues who are currently enrolled in spouse supplemental life insurance can increase their coverage by one level per year without a PHA, up to \$20,000. Enrolling for the first time, an increase of more than one level, or to an amount above \$20,000 will require a PHA.

Personify Health – new name, same benefits!

- In January, Virgin Pulse will be revealing a brand-new look and feel for their new name: Personify Health. Stay tuned for a sneak peek and more details on the exciting new update.

2025 IRS Limits

- You will have the opportunity to contribute an additional \$150, up to a maximum of \$3,200 to your Health Care Flexible Spending Account (FSA).

YOUR ENROLLMENT REQUIREMENTS

If you don't make benefit elections by Nov. 7, 2024, you will receive the same elections you had last year for medical, dental, vision, life insurance, AD&D, and disability. Keep in mind:

- If you want to contribute to the Health Care or Day Care / Dependent Care FSAs, you **must** make an election. Your 2024 election **will not carry forward**.

If you wish to participate in these programs next year you must complete your enrollment by Nov. 7, 2024 at 11:59 p.m. local time.

Benefit elections are final for 2025

Remember, the benefits you elect during Open Enrollment will be in effect from Jan. 1 through Dec. 31, 2025. The choices you make now are final for 2025, because Open Enrollment is your only opportunity during the year to make changes to benefits such as medical, dental or vision plan coverage unless you experience a qualified family status change or certain employment status changes.
